A student who elects to transfer between degree programs with Claremont Lincoln University needs to meet with the Dean or Program Chair for the program they would like to transfer into. To finalize the process, complete and submit a Change of Degree Program request form for the intended program of study to the Office of Student Services. Please be aware that additional coursework may be required if another program of study has already been started.

A change of degree program does not extend the statute of limitations on degree completion.
