革命化高等教育行业

高等教育 concentrations for the M.A. in Organizational Leadership is designed for students looking to elevate their careers in college and university institutions.

Students will master the foundations of leadership, diversity, strategic planning, ethics, finance, legislation and governance within Higher Education faculties and populations.

Students will also be positioned to advocate for positive social change within their institutions as administrators -- overseeing student services, academics and faculty research. Higher Ed administrators manage the areas of admissions, student life and registrar's office.

12个月课程：满时制（每学期2门课程）必须维持12个月来完成硕士学位。
Leadership in action is designed to support the exploration of leadership through self-reflection and assessment, including creating a personal mission statement and developing a leadership philosophy.

MAC 5300 - Leadership in Action
This course will introduce learners to frameworks and theories that guide the work of student affairs, review the importance of research, assessment, and evaluation in student affairs, learn the historical and foundational concepts of the student affairs profession, summarize the leadership environments for student affairs and the various organizational structures of student services, and evaluate how to transform student service organizations to better meet the needs of a diverse student population.

MLU 5312 - Supporting Diverse Populations
This course provides students with an overview of the theories of educational leadership which can translate into effective curriculum development, faculty onboarding, faculty development, classroom management, program assessment, and strategic planning.

MLU 5313 - Cultivating Educational Change
This course provides students with an overview of the theories of educational leadership which can translate into effective curriculum development, faculty onboarding, faculty development, classroom management, program assessment, and strategic planning.

MLU 5314 - Law and Ethics in Higher Education
In this course students will develop strategies to engage in and navigate through legal and ethical issues by exploring topics in the diverse and changing landscape of higher education.

MLU 5315 - Higher Education Process and Practice
This course will explore the structure and practices of an educational organization. Students will discuss and analyze topics from many areas of academia including human resources, students and faculty, budgetary, governance, and academic affairs.

MCC 5311 - Mindfulness
Build the capacity for focused awareness and compassion. Move from personal vision to shared vision through critical and strategic thinking.

MCC 5312 - Dialogue
Craft creative solutions by drawing out and integrating other's ideas. Listen to understand and advocate without alienation.

MCC 5313 - Collaboration
Build sustainable change through teams. Create diverse teams who can deal with complex problems and resolve conflict.

MCC 5314 - Change
Combine flexibility with insight to stay ahead of the rapidly changing environment. Replace resistance to change with an ability to "skate where the puck is going."

MLU 5316 - Capstone Action Project
This self-directed project draws on your entire educational experience where you research, analyze, and determine appropriate methods and contemporary strategies for designing and implementing initiatives that generate positive social impact.
